

MASK UP:

WHICH MASK TO WEAR – 3 TYPES OF MASKS

N-95

These masks are best used for our healthcare professionals and first responders. If you have any at home, please consider donating them to your nearest firehouse and we can distribute to those on the frontlines.

Surgical Mask

These masks are for one-use only and can be used in public for essential activities outside of your home. Please wear a mask at all times when going out in public.

Homemade Fabric Masks

These masks are reusable and should be washed after use. Please wear a mask at all times when going out in public, and especially when you cannot maintain a social distance of at least 6 feet from another individual.
