

# BankOn

## New Haven

### What is Bank On New Haven?

Bank On New Haven connects residents with safe and affordable bank accounts. Our goal is to increase the number of banked individuals in New Haven by sharing information about accounts that have no overdraft fees and a low or no monthly cost. We also aim to connect people to [free financial education resources in the community.](#)

### Why should I get a bank account?

- safer
- easier
- faster
- helps you budget
- helps you save
- helps you manage your money better

Having a bank account is a safe way to keep your money and make purchases. It helps you keep track of your spending so you can become a better budgeter. It's also a great way to connect with other financial products including a savings account, credit card, and bank loans. It will save you money and time rather than going to the check casher too!
