ATTENTION

PRODUCT RECALL WARNING

Ceramic products made by Abarrotes Mixteca and sold at many area stores have been found to have unsafe levels of lead. The items include decorative ceramic painted pottery such as vases, pots, kettles, plates, cups, and similar items.

These items can get into food and cause lead poisoning.

If you have purchased or been given ceramic pottery products since January 1, 2021, please contact the New Haven Health Department immediately.
